

Multistakeholder Engagement to implement the Global Accelerator on Jobs and Social Protection for Just Transitions and the World Bank Social Protection Compass (M-GA)

fact sheet

A global partnership dedicated to creating decent and productive employment and ensuring universal social protection to **reduce poverty, address inequality, and drive just transitions.**

The Challenge

Despite recent growth in coverage, billions of people worldwide lack social protection and access to decent, productive employment.

M-GA Advantage

Drive Collaboration, Investments, and Impact

Coordinating action for greater impact: The M-GA is a global initiative to coordinate advisory and financial support to clients from UN agencies and the World Bank. A coordinated UN-World Bank financing mechanism promotes close collaboration to advance country social protection and job objectives more effectively.

Aligning knowledge and standards: M-GA-supported knowledge products help the UN and World Bank bridge the knowledge gap through joint planning, measurement, and strategy development to support more coherent and effective national systems.

Catalyzing sustainable investments: The M-GA coordinates UN and World Bank support of country-led efforts to unlock investments from public development banks and other donors, and mobilize domestic resources to promote sustainable impact.

M-GA Mission

Expand and invest in inclusive social protection systems to close coverage gaps, manage crises, and support green, demographic, and digital transitions in a rapidly changing global landscape.

Promote decent, productive jobs through integrated public and private investments that address informality, climate change, and demographic and digital shifts.

Align financing with national priorities to expand jobs and social protection, driving progress toward the SDGs and reducing poverty and inequality.

M-GA Countries

Cabo Verde: Economic inclusion, formalization of micro-businesses

Cambodia: Evaluating social assistance and strengthening technical and vocational training

Colombia: Integrated and resilient social protection system

Indonesia: Social protection and employment for persons with disabilities

Nepal: Advancing productivity and social protection for women, youth, and informal workers

Paraguay: Social protection and labor policies for women and youth

Philippines: Financing for decent jobs and social protection for gig and platform workers

Uzbekistan: Social Insurance Law development and implementation

Viet Nam: Social protection, labor policies, and skills for green transition

Up to 20 countries will receive new M-GA grants in 2025.

Join us in lifting billions out of poverty, strengthening resilience, and ensuring just transitions for all!
